

IWallValidator

```
classDiagram
    LongRoomWallValidator --|> IWallValidator
```

The diagram illustrates a class hierarchy. At the top is the 'IWallValidator' interface, represented by a white box with a black border. Below it is the 'LongRoomWallValidator' class, represented by a gray box with a black border. A blue arrow points from the bottom of the 'LongRoomWallValidator' box to the bottom of the 'IWallValidator' box, indicating that 'LongRoomWallValidator' inherits from or implements 'IWallValidator'.
